# HYBRID is the new must-have

HYBRID is the new must-have for every new bathroom because it combines the best of both worlds: automatic touchless and manual operation.

Use the lever for your daily bathroom routine and choose the handy touchless function when you want to wash your hands without touching any surfaces. Works perfectly together with the Hansa App to customize faucets settings.

The unique and compact hybrid unit delivers thermostatic premixed water temperature and also saves water and energy.

## A new level of elegance

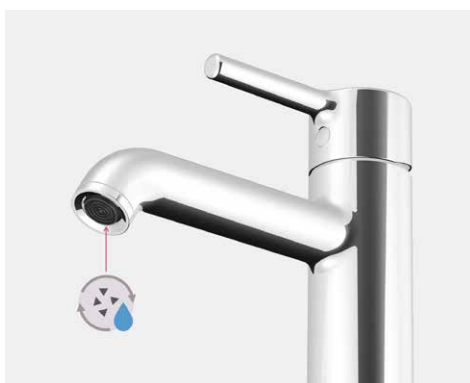

---

With the modern style of the **HANSAVANTIS STYLE** you can explore a whole new world of bathroom design. Elevate the look, feel and comfort of any bathroom through a combination of modern slim proportions and classic design.

## HANSAMATRIX

Architectural design, smooth operation  
and a design reduced to the max.

The integrated antilime  
rubber-aerator is easy to  
keep clean.

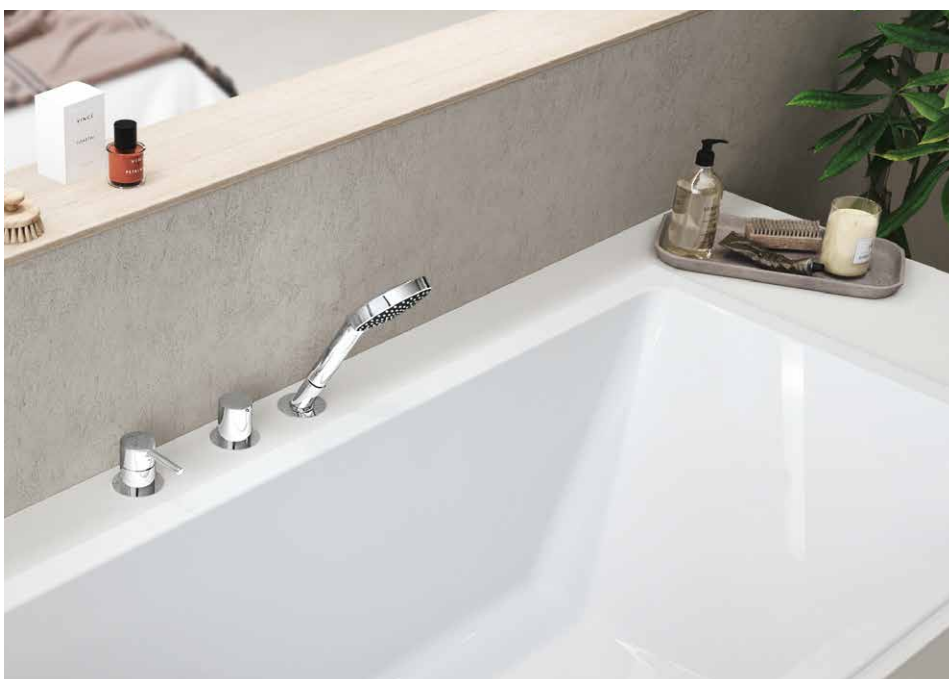

Pure shower pleasure with Classical wall mounted solution, HANSAMATRIX or HANSABUEBOX concealed.

# Bathing all senses

---

Classic at its best: the wall mounted bath solution fits perfect with the HANSAVIVA Showerset

Pure luxury: the three or four hole rim mounted versions

Bring a new level of elegance and functionality to your bathroom – from graceful, freestanding bathtub faucets to perfectly fitting faucets for any type of bathtub.
