the style and quality in every home

HANSAVANTIS & HANSAVANTIS STYLE

A new classic

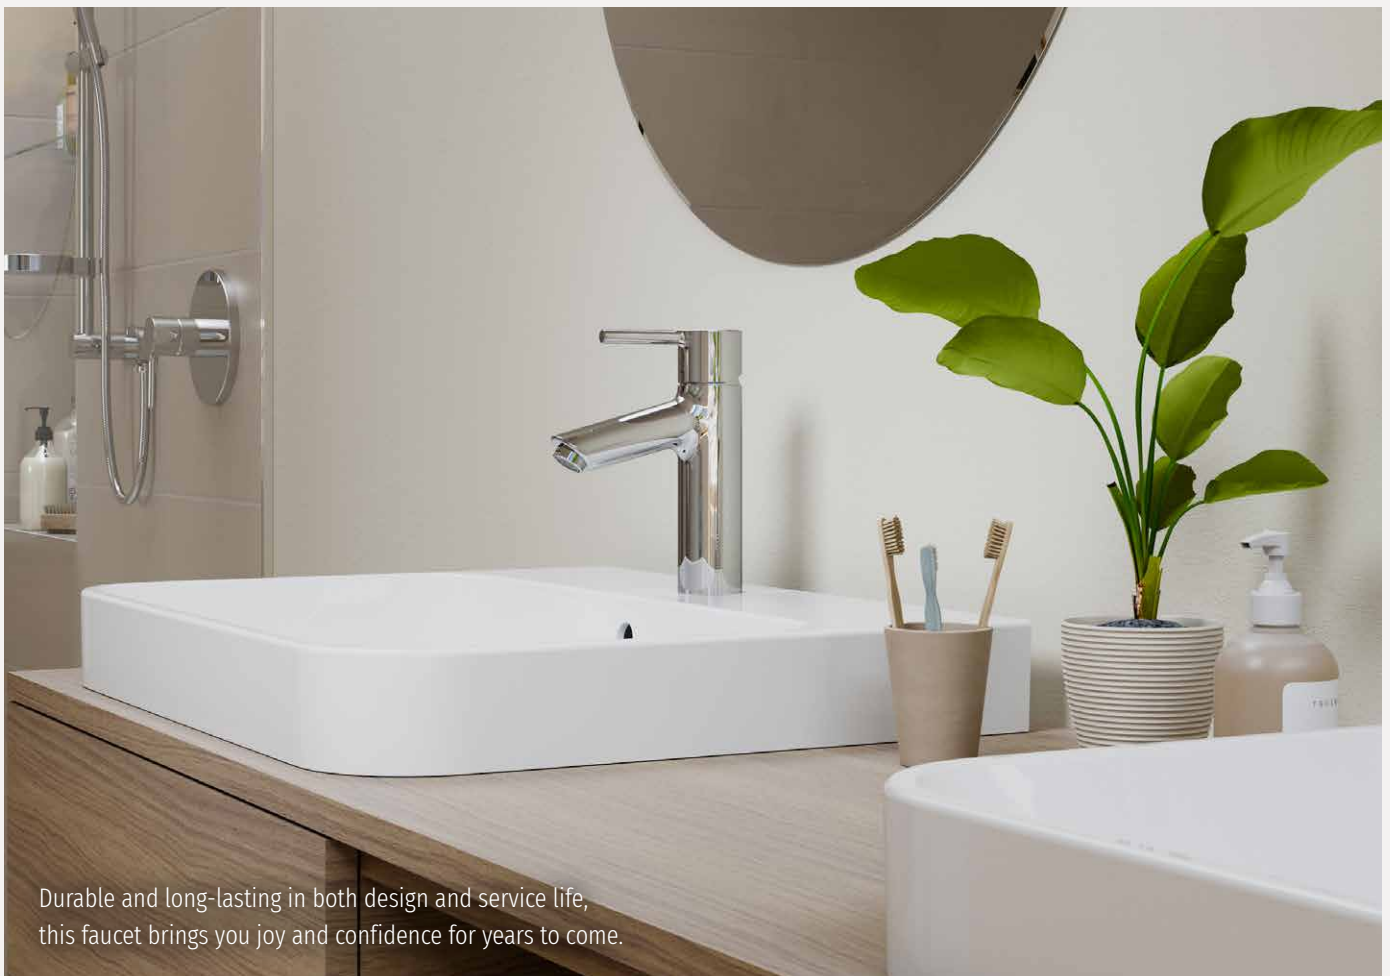

The new and slender design from the HANSAVANTIS family is a brave symbol of new beginnings that elevates the style and quality in every home. The whole range maintains a smooth surface, a high quality of water and our hybrid model gives you a new, more convenient way to use and experience water, sustainably.

HANSAVANTIS
quality trusted by
every bathroom

The HANSAVANTIS is the perfect fit for any bathroom with a proven expert quality you can rely on, no matter your specific needs.

Choose from several size options and two lever designs – standard and pin.

Durable and long-lasting in both design and service life, this faucet brings you joy and confidence for years to come.

A **HYBRID faucet** is the choice for those who want to make water use more convenient – and ecological.

HANSAVANTIS STYLE designed to make a difference

When great design becomes an attraction of its own, you know it will make a difference in your life. Besides bringing beauty to life, this new classic is also designed to bring any modern bathroom to the next level.
